Singam, Coordinator, National Technical Service Delivery, Calgary

Hi, I'm Singam from the National Technical Service Delivery team and I wanted to share what's cool about Shaw.

Honestly, for me it's the feeling of being at 'home' from the very first day I walked into in the building. I was greeted with big smiles and "hello's" not only from my future colleagues but from people I didn't yet know. And since I've started working here, the acknowledgments you receive for your work and recognition for a job well done is like no other. At Shaw I'm given the guidance and motivation to do the very best all the time which has helped me grow in my role within my team and the company.
