(b) Class A Shares and Class B Non-Voting Shares

(i) Authorized Number of Class A Shares

The authorized number of Class A Shares is limited to the lesser of that number of such shares (i) currently issued and outstanding; and (ii) that may be outstanding after any conversion of Class A Shares into Class B Non-Voting Shares (subject to certain conversion rights as described below under the heading “Conversion Privileges”).

(ii) Voting Rights

The holders of Class A Shares are entitled to one vote per share at all meetings of shareholders. The holders of Class B Non-Voting Shares are entitled to receive notice of, to attend and to speak at all meetings of shareholders but are not entitled to vote thereat except as required by law and except upon any resolution to authorize the liquidation, dissolution and winding-up of Shaw or the distribution of assets among the shareholders of Shaw for the purpose of winding up its affairs, in which event each holder of Class B Non-Voting Shares will be entitled to one vote per share.

(v) Conversion Privileges

Any holder of Class A Shares may, at any time or from time-to-time, convert any or all Class A Shares held by such holder into Class B Non-Voting Shares on the basis of one Class B Non-Voting Share for each Class A Share so converted.

Subject to certain exceptions described below, if an Exclusionary Offer is made, any holder of Class B Non-Voting Shares may, at any time or from time-to-time during a Conversion Period, convert any or all of the Class B Non-Voting Shares held by such holder into Class A Shares on the basis of one Class A Share for each Class B Non-Voting Share so converted. For the purpose of this description, the following terms have the meanings set out:

“Class A Offeror” means a person or company that makes an offer to purchase Class A Shares (the **“bidder”**), and includes any associate or affiliate of the bidder or any person or company that is disclosed in the offering document to be acting jointly or in concert with the bidder;

“Conversion Period” means the period of time commencing on the eighth day after the Offer Date and terminating on the Expiry Date;

“Exclusionary Offer” means an offer to purchase Class A Shares that:

- (A) must, by reason of applicable securities legislation or the requirements of a stock exchange on which the Class A Shares are listed, be made to all or substantially all holders of Class A Shares who are residents of a province of Canada to which the requirement applies; and
- (B) is not made concurrently with an offer to purchase Class B Non-Voting Shares that is identical to the offer to purchase Class A Shares in terms of price per share and percentage of outstanding shares to be taken up exclusive of shares owned immediately prior to the offer by the Class A Offeror, and in all other material respects (except with respect to the conditions that may be attached to the offer for Class A Shares), and that has no condition attached other than the right not to take up and pay for shares tendered if no shares are purchased pursuant to the offer for Class A Shares, and for the purposes of this definition if an offer to purchase Class A Shares is not an Exclusionary Offer as defined above but would be an Exclusionary Offer if it were not for this sub-clause (B), the varying of any term of such offer shall be deemed to constitute the making of a new offer unless an identical variation concurrently is made to the corresponding offer to purchase Class B Non-Voting Shares;

“Expiry Date” means the last date upon which holders of Class A Shares may accept an Exclusionary Offer;

“Offer Date” means the date on which an Exclusionary Offer is made; and

“Transfer Agent” means the transfer agent for the time being of the Class A Shares.

Subject to certain exceptions, the conversion right of a holder of Class B Non-Voting Shares shall not come into effect if:

- (A) prior to the time at which the offer is made there is delivered to the Transfer Agent and to the Secretary of Shaw a certificate or certificates signed by or on behalf of one or more shareholders of Shaw owning in the aggregate, as at the time the Exclusionary Offer is made, more than 50% of the then outstanding Class A Shares, exclusive of shares owned immediately prior to the Exclusionary Offer by the Class A Offeror, which certificate or certificates shall confirm, in the case of each such shareholder, that such shareholder shall not:
 - a. tender any shares in acceptance of any Exclusionary Offer without giving the Transfer Agent and the Secretary of Shaw written notice of such acceptance or intended acceptance at least seven days prior to the Expiry Date;

- b. make any Exclusionary Offer;
 - c. act jointly or in concert with any person or company that makes any Exclusionary Offer; or
 - d. transfer any Class A Shares, directly or indirectly, during the time at which any Exclusionary Offer is outstanding without giving the Transfer Agent and the Secretary of Shaw written notice of such transfer or intended transfer at least seven days prior to the Expiry Date, which notice shall state, if known to the transferor, the names of the transferees and the number of Class A Shares transferred or to be transferred to each transferee; or
- (B) as of the end of the seventh day after the Offer Date there has been delivered to the Transfer Agent and to the Secretary of Shaw a certificate or certificates signed by or on behalf of one or more shareholders of Shaw owning in the aggregate more than 50% of the then outstanding Class A Shares, exclusive of shares owned immediately prior to the Exclusionary Offer by the Class A Offeror, which certificate or certificates shall confirm, in the case of each such shareholder:
- a. the number of Class A Shares owned by the shareholder;
 - b. that such shareholder is not making the offer and is not an associate or affiliate of, or acting jointly or in concert with, the person or company making the offer;
 - c. that such shareholder shall not tender any shares in acceptance of the offer, including any varied form of the offer, without giving the Transfer Agent and the Secretary of Shaw written notice of such acceptance or intended acceptance at least seven days prior to the Expiry Date; and
 - d. that such shareholder shall not transfer any Class A Shares, directly or indirectly, prior to the Expiry Date without giving the Transfer Agent and the Secretary of Shaw written notice of such transfer or intended transfer at least seven days prior to the Expiry Date, which notice shall state, if known to the transferor, the names of the transferees and the number of Class A Shares transferred or to be transferred to each transferee; or
- (C) as of the end of the seventh day after the Offer Date, a combination of certificates that comply with either clause (a) or (b) from shareholders of Shaw owning in the aggregate more than 50% of the then outstanding Class A Shares, exclusive of shares owned immediately prior to the Exclusionary Offer by the Class A Offeror, has been delivered to the Transfer Agent and to the Secretary of Shaw.

(vi) Modification

Neither the Class A Shares nor the Class B Non-Voting Shares may be subdivided, consolidated, reclassified or otherwise changed unless contemporaneously therewith the other class is also subdivided, consolidated, reclassified or otherwise changed in the same proportion and in the same manner.

(vii) Offer to Purchase

Shaw may not make an offer to purchase any outstanding Class A Shares unless at the same time it makes an offer to purchase, on the same terms, an equivalent proportion of the outstanding Class B Non-Voting Shares.

(viii) Redemption

Neither the Class A Shares nor the Class B Non-Voting Shares are redeemable at the option of either Shaw or the holder thereof.

(c) Preferred Shares

(i) Class 1 Preferred Shares

The Class 1 Preferred Shares are issuable in one or more series. The Board of Directors may fix from time-to-time before such issue the number of shares which is to comprise each series then to be issued and the designation, rights, conditions, restrictions and limitations attaching thereto, including, without limiting the generality of the foregoing, the rate of preferential dividends and whether or not such dividends shall be cumulative, the dates of payment thereof, the redemption price and terms and conditions of redemption (including the rights, if any, of the holders of the Class 1 Preferred Shares of such series to require the redemption thereof), conversion rights (if any) and any redemption fund, purchase fund or other provisions to be attached to the Class 1 Preferred Shares of such series.

The shares of each successive series of Class 1 Preferred Shares shall have preference over the Class A Shares and Class B Non-Voting Shares as to dividends of not less than 1/100th of a cent per share, and shall not confer upon the shares of one series a priority over the shares of any other series of the Class 1 Preferred Shares in respect of voting, dividends or return of capital. If any amount of cumulative dividends or any amount payable on return of capital in respect of shares of a series of the Class 1 Preferred Shares is not paid in full, the shares of such series shall participate rateably with the shares of all other series of Class 1 Preferred Shares in respect of accumulated dividends and return of capital.

(ii) Class 2 Preferred Shares

The Class 2 Preferred Shares are issuable in one or more series. The Board of Directors may fix from time-to-time before such issue the number of shares which is to comprise each series then to be issued and the designation, rights, conditions, restrictions and limitations attaching thereto, including, without limiting the generality of the foregoing, the rate of preferential dividends and whether or not such dividends shall be cumulative, the dates of payment thereof, the redemption price and terms and conditions of redemption (including the rights, if any, of the holders of the Class 2 Preferred Shares of such series to require the redemption thereof), conversion rights (if any) and any redemption fund, purchase fund or other provisions to be attached to the Class 2 Preferred Shares of such series.

The shares of each successive series of Class 2 Preferred Shares shall have preference over the Class A Shares and Class B Non-Voting Shares (but shall rank junior to the Class 1 Preferred Shares) as to dividends and shall not confer upon the shares of one series a priority over the shares of any other series of Class 2 Preferred Shares in respect of voting, dividends or return of capital. If any amount of cumulative dividends or any amount payable on return of capital in respect of shares of a series of Class 2 Preferred Shares is not paid in full, the shares of such series shall participate rateably with the shares of all other series of the Class 2 Preferred Shares in respect of accumulated dividends and return of capital.

(iii) Series A Shares and Series B Shares

The Series A Shares and the Series B Shares are each a series of Class 2 Preferred Shares. On May 31, 2011, the Company issued 12,000,000 Series A Shares.

Holders of the Series A Shares are entitled to receive fixed cumulative preferential cash dividends, as and when declared by the Board of Directors of the Company, payable quarterly on the last day of each March, June, September and December (or if such date is not a business day, the next succeeding business day) at an annual rate of \$1.125 per Series A Share, for the initial five-year period ending on June 30, 2016. The dividend rate will be reset on June 30, 2016 and every five years thereafter at a rate equal to the sum of the five-year Government of Canada bond yield and 2.00%.

Shaw Communications Inc.
ANNUAL INFORMATION FORM
November 27, 2015

On June 30, 2016 and on June 30 of every fifth year thereafter, the Company may, at its option, redeem the Series A Shares in whole or in part by the payment of \$25.00 in cash per Series A Share together with all declared and unpaid dividends to but excluding the date fixed for redemption. The Series A Shares do not have a fixed maturity date and are not redeemable at the option of the holders of the Series A Shares. Holders of Series A Shares will have the right, at their option, to convert all or any of their Series A Shares into Series B Shares, on the basis of one Series B Share for each Series A Share, subject to certain conditions, on June 30, 2016 and on June 30 of every fifth year thereafter.

Holders of the Series B Shares will be entitled to receive quarterly floating rate cumulative preferred cash dividends, as and when declared by the Board of Directors of the Company, payable on the last day of each March, June, September and December (each three month period ending on such a day, a “**Quarterly Floating Rate Period**”) in the amount per Series B Share determined by multiplying the Floating Quarterly Dividend Rate for such Quarterly Floating Rate Period by \$25.00 and multiplying that product by a fraction, the numerator of which is the actual number of days in such Quarterly Floating Rate Period and the denominator of which is 365 or 366, depending on the actual number of days in the applicable year, where the “**Floating Quarterly Dividend Rate**” for a Quarterly Floating Rate Period equals the sum of 2.00% and the average yield expressed as an annual rate on three-month Government of Canada treasury bills for the most recent treasury bills auction that precedes by at least 30 days the first day of such Quarterly Floating Rate Period.

On any Series B Conversion Date (as hereinafter defined) on and after June 30, 2021, the Company may, at its option, redeem the Series B Shares in whole or in part by the payment of \$25.00 in cash per Series B Share together with all declared and unpaid dividends to, but excluding, the date fixed for redemption. On any date after June 30, 2016 that is not a Series B Conversion Date, the Company may, at its option, redeem all or any part of the outstanding Series B Shares by the payment of an amount in cash of \$25.50 per Series B Share together with all declared and unpaid dividends to but excluding the redemption date. The Series B Shares do not have a fixed maturity date and are not redeemable at the option of the holders of the Series B Shares.

Holders of Series B Shares will have the right, at their option, on June 30, 2021 and on each June 30 every fifth year thereafter (each such date a “**Series B Conversion Date**”), to convert, subject to certain conditions, all or any of their Series B Shares, into Series A Shares, on the basis of one Series A Share for each Series B Share.

In the event of the liquidation, dissolution or winding-up of the Company or any other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs, subject to the prior satisfaction of the claims of all creditors of the Company and of holders of shares of the Company ranking prior to the Series A Shares and the Series B Shares, the holders of Series A Shares and Series B Shares will be entitled to payment of \$25.00 per share, and all accrued and unpaid dividends up to, but excluding, the date fixed for payment or distribution, before any amount may be paid or any assets of the Company are distributed to the registered holders of any shares ranking junior to the Series A Shares and the Series B Shares. After payment of such amounts, the holders of Series A Shares and Series B Shares will not be entitled to share in any further distribution of the assets of the Company.

Subject to applicable law, holders of the Series A Shares and Series B Shares will not be entitled to receive notice of, attend, or vote at any meeting of shareholders of the Company. In the event that, at any time, the Company has failed to pay eight quarterly dividends on the Series A Shares or the Series B Shares, which, at such time, have not been paid in full, whether or not such dividends are consecutive and whether or not such dividends have been declared, the Company shall take all necessary steps to nominate for election to the Board of Directors one independent candidate proposed by the holders of the Series A Shares, the Series B Shares and the holders of any other preferred shares in the capital of the Company in whose favour any right to nominate upon failure of the Company to pay dividends is then in force, all of such holders to be considered

one class for the purpose of proposing such candidate. Such candidate shall be nominated for election at the next scheduled annual shareholders' meeting following the Company's failure to pay such dividends, such election to be pursuant to the vote of all shareholders eligible to vote in respect thereof in accordance with the articles and by-laws of the Company. Until all such dividends are paid in full, such a nominee shall be nominated for election at each annual shareholders' meeting. When such dividends are paid in full, this right shall be extinguished and the nominee shall immediately resign. This right shall become effective again at such time as the Company may again so fail to pay dividends.

(d) Share Constraints

The statutes which govern the provision of broadcasting and telecommunications services by Shaw and its regulated subsidiaries impose restrictions on the ownership of shares of the Company and its regulated subsidiaries by persons that are not Canadian. In order to ensure that the Company and its regulated subsidiaries remain eligible or qualified to provide broadcasting and telecommunications services in Canada, the articles of the Company require its directors to refuse to issue or register the transfer of any Class A Shares to a person that is not a Canadian if such issue or transfer would result in the total number of such shares held by non-Canadians exceeding the maximum number permitted by applicable law. In addition, the directors of Shaw are required to refuse to issue or register the transfer of any Class A Shares to a person in circumstances where such issue or transfer would affect the ability of the Company and its regulated subsidiaries to obtain, maintain, amend or renew a license to carry on any business. The articles of the Company further provide that if, for whatever reason, the number of Class A Shares held by non-Canadians or other such persons exceeds the maximum number permitted by applicable law or would affect the ability to carry on any licensed business, Shaw may, to the extent permitted by corporate or communications statutes, sell the Class A Shares held by such non-Canadians or other persons as if it were the owner of such shares. The articles of the Company also give its directors the right to refuse to issue or register the transfer of shares of any class in the capital of the Company if (i) the issue or the transfer requires the prior approval of a regulatory authority unless and until such approval has been obtained; or (ii) the person to whom the shares are to be issued or transferred has not provided Shaw with such information as the directors may request for the purposes of administering these share constraints.

2. Dividends

(a) Dividend Policy

The Company's dividend policy for Class A Shares and Class B Non-Voting Shares is reviewed on a quarterly basis by the Board of Directors of Shaw. In general, subject to the rights of any preferred shares outstanding from time-to-time, holders of Class A Shares and Class B Non-Voting Shares are entitled to receive such dividends as the Board of Directors determines to declare on a share-for-share basis, if, as and when any such dividends are declared and paid.

In accordance with the terms and conditions of such shares, for each Dividend Period the aggregate of the dividends (other than stock dividends) declared and paid on each Class A Share shall be \$0.0025 per share per annum less than the aggregate of the dividends declared and paid on each Class B Non-Voting Share. See the information under the heading "Capital Structure, Dividends and Related Matters – Description of Capital Structure – Class A Shares and Class B Non-Voting Shares – Dividends".

Dividends on the Series A Shares and the Series B Shares are described under the heading "Capital Structure, Dividends and Related Matters – Description of Capital Structure – Preferred Shares – Series A Shares and Series B Shares".

3. Ratings

The following information relating to the Company's credit and preferred share ratings is provided as it relates to the Company's financing costs, liquidity and operations. Specifically, credit ratings affect the Company's ability to obtain short-term and long term financing and the cost of such financing. Additionally, the ability of the Company to engage in certain business activities on a cost effective basis may depend on these ratings. A reduction in the current ratings, particularly a downgrade below investment grade ratings or a negative change in the Company's ratings outlook, could adversely affect the Company's cost of financing and its access to sources of liquidity and capital. In addition, changes in these ratings may affect the Company's ability to, and the associated costs of, entering into and maintaining ordinary course contracts with customers or suppliers on acceptable terms.

The following table sets forth the ratings assigned to the Company's senior note obligations by DBRS Limited ("DBRS"), Standard & Poor's, a division of The McGraw Hill Companies, Inc. ("S&P") and Moody's Investors Services, Inc. ("Moody's").

Security	DBRS ⁽¹⁾	Moody's ⁽²⁾	S&P ⁽³⁾
Senior Notes	BBB (stable)	Baa3 (stable)	BBB-(positive)

Notes:

(1) DBRS' credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. A rating of BBB by DBRS is the fourth highest of ten categories and is assigned to debt

Shaw Communications Inc.
ANNUAL INFORMATION FORM
November 27, 2015

securities considered to be of adequate credit quality. The capacity for the payment of financial obligations is considered acceptable, but the entity may be vulnerable to future events. The assignment of a “(high)” or “(low)” modifier within certain rating categories indicates relative standing within such category. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category.

- (2) Moody’s credit ratings are on a long-term debt rating scale that ranges from Aaa to C, which represents the range from highest to lowest quality of such securities rated. A rating of Baa by Moody’s is the fourth highest of nine categories and denotes obligations judged to be medium grade and subject to moderate credit risk. The addition of a 1, 2 or 3 modifier after a rating indicates the relative standing within a particular rating category. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid- range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.
- (3) S&P’s credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. A rating of BBB by S&P is the fourth highest of ten major categories. According to the S&P rating system, an obligor with debt securities rated BBB has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. The addition of a plus (+) or minus (-) designation after a rating indicates the relative standing within a particular rating category.

The following table sets forth the ratings assigned to the Series A Shares by DBRS and S&P.

Security	DBRS ⁽¹⁾	S&P ⁽²⁾
Series A Shares	Pfd-3 (stable)	P-3 (stable)

Notes:

- (1) DBRS ratings for preferred shares range from a high of Pfd-1 to a low of D. A Pfd-3 rating by DBRS is the third highest of six categories granted by DBRS. According to the DBRS rating system, securities rated Pfd-3 are of adequate credit quality. While protection of dividends and principal is still considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection. “High” or “low” grades are used to indicate the relative standing within a rating category. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category.
- (2) S&P’s ratings for preferred shares range from a high of P-1 to a low of D. A P-3 rating by S&P is the third highest of eight categories granted by S&P. According to the S&P rating system, while securities rated P-3 are regarded as having significant speculative characteristics, they are less vulnerable to non-payment than other speculative issues, however face major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor’s inadequate capacity to meet its financial commitment on the obligation. The ratings from P-1 to P-5 may be modified by “high” and “low” grades which indicate relative standing within the major rating categories. The absence of either a “high” or “low” designation indicates the rating is in the middle of the category.

Each rating agency has several categories of long-term ratings that may be assigned to a particular security. Prospective purchasers of such securities should consult the rating organization with respect to the interpretation and implication of the foregoing ratings and outlooks.

Ratings are intended to provide investors with an independent measure of the quality of the relevant securities. Ratings accorded by a rating agency are not recommendations to purchase, hold or sell the relevant securities inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a rating agency in the future if, in its judgment, circumstances so warrant. The lowering of any rating may negatively affect the quoted market price, if any, of the relevant securities.

The Company made payments to each of DBRS, Moody’s and S&P in connection with obtaining the above ratings, but has not made any other payments to DBRS, Moody’s or S&P over the past two years.
